Nashville**

The role of technology in the future of work

**Find ways to collaborate across the cities and states
represented here**

Goals

**History of Nashville's tech scene and
the NTC**

GREATER NASHVILLE
TECHNOLOGY COUNCIL

CONNECT

We believe connection is essential to growth. By facilitating educational and networking events, celebrations, and opportunities to give back, we cultivate a collaborative community that enjoys sharing, learning, and giving together.

UNITE

We believe Middle Tennessee can sustain a political and economic atmosphere that empowers technology to thrive. We advocate for policies that nurture expansion and attract both talent and businesses. We invite others to join us in that effort.

DEVELOP

We believe in our community's ability to produce and retain the nation's best talent. We empower growth by supporting the gifted individuals that comprise our workforce today and provide inspiration and education for the workforce of tomorrow.

PROMOTE

We believe Middle Tennessee is emerging as a technology leader. We work to create a reputation of technological excellence for our community while raising awareness, encouraging creativity and driving economic progress.

Goals

The role of technology in the future of work

A lightbulb is shown lying on its side on a rocky surface. Inside the bulb, there is a small amount of soil and a tiny green plant with two leaves. The background is a soft-focus green, suggesting a natural, outdoor setting. The entire image has a light green tint.

MISSION

To lead greater Nashville
into the world that is
becoming.
